

ALL ONLINE, REAL-TIME CONTROLS

Presenting:

Net Admin:

Remote Site Management

Secom International raises the bar in parking operations with the new Net Admin product that permits the administration of multiple locations from one central point. Ideal for universities, municipalities, institutions and commercial operations where the consolidation and review of real-time data from multiple sites is critical to operations. Eliminate your site manager and reduce operating costs. Add oversight capabilities to the home office and increase audit controls. Watch exceptions in real time, as they occur, and reduce operational mistakes. Automatically post monthly credit card payments to accounts and reduce administrative costs and errors. All existing Secom systems can be upgraded to accept this critical new parking management tool. **Call Secom, today!**

Get the details.

Get the facts.

Get the reports.

Get all the data...

...in real-time that you need to run your parking operation without leaving your office --directly from your PC.

Secom also offers on-line technical support for one low monthly fee.

The right tools for the job!

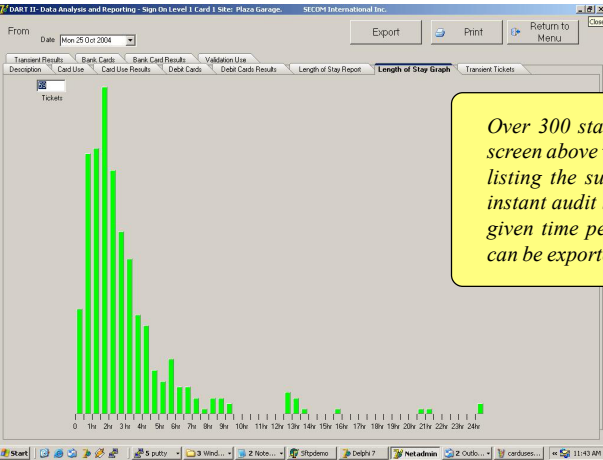

NET ADMIN: REMOTE SITE MANAEGMENT

ALL ONLINE, REAL-TIME CONTROLS

Applications:

Any property where revenue controls are in place and where it would be advantageous to view and work with the system, or systems, from another location.

- Stand-alone garages & surface lots
- Fully automated garages
- Multiple locations

Over 300 standard screens are available at the click of a mouse. The screen above views cashiered tickets with the bottom portion of the screen listing the subsequent transaction for each cancelled transaction. An instant audit tool! The graph to the left displays the length of stay for a given time period for a quick snap shot into the garage's utility. Data can be exported to an MS Excel spreadsheet, sent or saved electronically.

System Requirements:

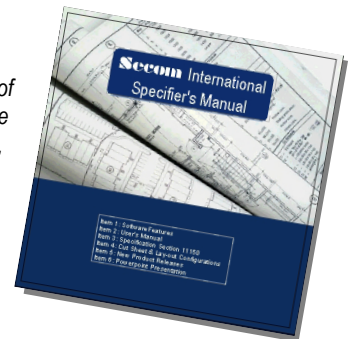

Must have recent System Server 030 with a high speed Internet connection at each location monitored.

Secom System Compatibility

All Secom Server 030 systems can be upgraded to add Net Admin. Call your local representative or dealer to find-out how your facility can begin benefitting from the Net Admin advantage, today!

How to Order:

Call your local factory representative, authorized dealer or the Secom corporate headquarters in Los Angeles at (310) 641-1290. A sales representative will assist you in processing your request.

Request your copy of Secom's complete revenue management tools, specifications and cut-sheets. Available now on CD-Rom.

Secom International

Secom International builds, installs and services on-line, real time parking access and revenue control systems for clients worldwide. Unlike other parking revenue control companies, Secom's rigorous controls begin at Level Four and only get tougher. Secom offers machine readable ticket dispensers and fee calculating terminals, automated pay stations, express exits, automatic vehicle identification (AVI), access cards and readers, on-line validation systems, interactive lot capacity displays, with over 100 custom software choices, and PC driven DART™ Data Analysis & Reporting Tool. Integrated security controls, point-of-sale and access controls are also available. Contact Secom International to find-out how we can help you collect more of your parking revenue and consistently lower your overall costs of operations.
